

Séminaire du 1er avril 2019 :

**On the analyses and applications
of wave propagation in bifurcated
lattice waveguides**

*Centre des Matériaux Pierre-Marie Fourt
Ecole Nationale Supérieure des Mines de Paris - ARMINES
CNRS UMR 7633, BP 87 91003 Evry, France*

Programme

14h – 15h : On the analyses and applications of wave propagation in bifurcated lattice waveguides

B. Lal Sharma, IIT Kanpur

15h – 15h30 : Yield set of perfectly-plastic porous materials subjected to anti-plane shear

F. Willot, CMM & CDM, Mines ParisTech

15h30 : Discussion autour d'une collation
